

As a leader in promoting workplace safety in Maryland, IWIF has created the IWIF **Safety University**. The new micro website contains a variety of helpful workplace safety tools and resources. The library of information and resources are free* to anyone to access. Visit www.IWIF.com and click on **Safety University**.

Online safety resource topics and information include:

- Loss Control Services provided by IWIF
- Effective Hiring Practices
- Safety Flicks Video Library*
- Safety Posters Library
- Safety Tip Sheets/Handout PDFs
- English/Spanish Workplace Safety Pocket Guide Booklets
- Starting a Workplace Drug Testing Program
- Workplace Wellness Overview

*You must be a policyholder to order or download full length 45-60 minute Safety Flicks video training presentations.

FREE 15-minute "Safety Tip of the Month" Video

Anyone can view and use these monthly, short, Flash video safety tips for a safety presentation. Created by the Wumbus Safety Corporation, each video is professionally produced and covers the major points of safety for a number of topics.

Safety Videos Coming Attractions:

- **October – Preventing Slips, Trips and Falls:**
Stranger Than Friction
- **November – Driving Distractions**
of the Professional Driver
- **December – Personal Protective Equipment:**
Your Last Line of Defense

IWIF encourages policyholders to schedule short training sessions to allow employees to view these informative safety videos online.
