

FREE SAFETY TRAINING GUIDES AVAILABLE ONLINE TODAY

Are you looking for a way to keep your workers safe without losing valuable time and money? Consider leading regular toolbox talks with Chesapeake Employers' 15 minute training guides designed for the unique safety challenges of the following target industries:

CONSTRUCTION
EDUCATION
HEALTHCARE
HOSPITALITY

LANDSCAPING
REFUSE SERVICES
RESTAURANTS
SOCIAL SERVICES

Check for updates and safety resources for additional industries on our website, www.ceiwc.com/Safety-University.

With help from Chesapeake Employers' training guides:

- 1 Lead interactive, engaging training sessions using our model training guides. Review the steps in each training to get ideas for specific scenarios and demonstrations and adapt them to the needs of your company.
- 2 Access links to relevant safety information and resources, including Chesapeake Employers' safety tip sheets, posters, pocket guides and Safety Flicks. All of these are available on our website at www.ceiwc.com/Safety-University.
- 3 Take advantage of Chesapeake Employers' Safety Agreements following selected training guides. Consider having your employees sign off that they have received training and agree to follow certain safety rules to protect themselves and coworkers from unnecessary risks. Many of these agreements are available in both English and Spanish.

VOCABULARY & USEFUL EXPRESSIONS

Improve communication with your Spanish-speaking employees using the vocabulary key provided in the construction, landscaping, refuse services, hospitality and restaurant training guides.

ENGINEERING & ADMINISTRATIVE CONTROLS

Check out examples of recommended engineering and administrative controls – your first line of defense against workplace injuries – included in our healthcare, education and social services safety training guides.
