

## FREE Online Safety Resources available on

In keeping with our mission to champion workplace safety, Chesapeake Employers created Safety University to house our extensive collection of free workplace safety, health and wellness-related information.

Safety University is the online library for all of our safety training tools and resources designed to help our policyholders minimize their risks for workplace accidents and injuries and thus control their workers' comp insurance costs.

### Resources and information available:

- Information on comprehensive safety services provided by our Safety Management Consultants;
- “Safety Flicks” Online Safety Training Video Library\* featuring hundreds of streaming videos for use in your safety trainings;
- “Creating a Return-to-Work Program”;
- “How to Start a Workplace Drug-testing Program”;
- Workplace Safety Posters available free for ordering;
- Safety Tip Sheets and Workplace Safety Training Topics in English and Spanish;
- Workplace Safety Pocket Guides in English and Spanish (available for the construction, landscaping and restaurant/commercial kitchens industries);
- On-demand Safety Webinars; and
- Workplace Wellness Information and Resources on Workplace Wellness.

Safety Videos

Tip & Training Sheets

On-demand Webinars

Workplace Safety Pocket Guides

### Additionally, our Safety University features:

- Information about our popular Policyholder Seminars held several times throughout the year;
- Resources for employers to promote the “STOPIOID Addiction” campaign in your workplace;
- Additional safety training opportunities for First Aid, CPR & AED training for policyholders' employees; and
- Ask Pete our Safety Consultant – Contact us with your workplace safety question.

\* You must be a policyholder with an eServices account to stream the Safety Flicks safety training videos.
